

Exhibit 1

List of Locations

List all locations that may be services by contracts awarded pursuant to the Request for Proposals. It is helpful to group the locations by the type of unit as noted below since the pest control services are likely to vary by each group. For scattered sites, provide only a number. Do not provide the address. It is helpful to the contractor to know the year each location was built where the information is readily available.

Name	# of Units	Year Built	Address
------	------------	------------	---------

Administrative Offices

High-Rise Units

Family Units

Elderly and Disabled Units

Scattered Sites *(total number only)*
